Project Name

Joint Processing Center

Owner/Client

Harris County & the City of Houston

Clark+Horizon, a Joint Venture, working in collaboration with Harris County and the City of Houston constructed this new facility which features a 3-story center that combines both county and city inmate processing to streamline government operations and the criminal justice process. This new facility contains a central control and command watch station, 550-detainee cells, two-county probable cause/JP courtrooms, one-municipal courtroom, detainee processing areas, temporary holding cells, arraignment courtrooms, for both the Harris County Sheriff's Office and Houston Police Department. This is a highly-secure facility which features include interview rooms, diversion work stations, pre-trial interview rooms, county and city bonding windows, wellness rooms, and highly-interactive A/V meeting areas.
