Project Name

Clinical Trial Network

Owner/Client

Pinnacle Research Group

The Clinical Trial Network | Pinnacle Research Group was a complete exterior renovation and interior build out. The interior was completely demolished and a full-service medical facility came to life inside. The medical office facility features 12-pediatric exam rooms, 10-adult exam rooms, 2-urgent care rooms, 4-dental examination rooms, 3-waiting areas, 2-laboratories, a pharmacy, an x-ray room, bone density scanner room, and administrative offices were all created in the new space—creating a beautiful, warm, and fully-functional medical office facility.
