## **[Horizon United Group and G-Unity Foundation Provide Over a Million Dollars Worth of Toys to Houston Families]**

**[HOUSTON, TEXAS, December 21, 2020—]** This holiday season was made a little brighter with donations from Horizon United Group and their partners, G-Unity Foundation, rapper 50 Cent's charitable entity. Houston children were delighted to receive over a million dollars worth of toys that were distributed to multiple charitable endeavors.

Al Kashani sourced toys over the entire 2020 year in preparation for donations. Horizon's partner, G-Unity donated headphones and Bluetooth speakers that are kid-friendly and safe for young ears. The coordination of events was extraordinary as the items were received by SuperFeast, Toys for Tots, Camp Hope, NAACP, Operation Stocking Stuffer, several HISD schools and local places of worship.

Kashani and 50 Cent made guest appearances, handing out toys and greeting families. This year's SuperFeast fed and provided toys for 20,000 Houston families. Toys for Tots distributed 40,010 toys and supported over 12,000 children.

"You can't imagine what a donation of this size means to us, thank you 50, thank you Mr. Kashani!" Toys for Tots Coordinator, SSgt Eric Quesada.

They were joined by Mayor Sylvester Turner, Congresswoman Sheila Jackson Lee and HISD Interim Superintendent Dr. Grenita Lathan, for Saturday's Operation Stocking Stuffer.

"Al Kashani, you are the guru of giving in this Nation ... I proclaim you, that you deserve the conferral of the United States Congress," Congresswoman Sheila Jackson Lee.

Also Saturday, the team handed out toys at the NAACP of Houston. As cars lined the blocks, they were greeted by 50 Cent, Kashani, Council Member Carolyn Evans- Shabazz and Texas State Senator Borris Miles.

Houston's most vulnerable are a priority for the leadership of Horizon United Group and we will continue to form relationships and champion projects that allow us to create opportunities for philanthropy.
